

Darshan Goli

About Me

I am a 4th year undergrad at GITAM University, Bengaluru. I am a kind of a person who is passionate, ambitious, hardworking and dedicated towards my work. I am a tech enthusiast. I am eminently interested in developing innovative applications. I am passionate towards learning new skills and explore technologies

Certification Courses

- Getting Started with Python (Coursera)
- Python 3 (Sololearn)
- Python Data Structures (Coursera)
- Frontend Web Development (Udemy)
- Responsive Web Design (Sololearn)
- CSS-3 Flexbox (Coursera)
- Bootstrap (Udemy)
- Interactivity with JavaScript (Coursera)
- Animation with JavaScript (Coursera)
- Basics of ReactJS (Udemy)
- SQL (Sololearn)

Projects

- **Personal Portfolio:** I've developed my personal portfolio using HTML, CSS and JavaScript that includes my personal details. It is having a dark mode feature that enables user to switch to either dark mode or light mode. It is a highly responsive web page that can fit to any screen size.
- **Sensor Guided Robot:** I've developed a sensor guided robot that follows the line of any path, goes away from the obstacle. It is built using some electric apparatus, sensors, Arduino board. C++ is the language used to program the software.

Activities

- Participated in seminar competitions on latest technology and awarded with first prize.
- Organized many sports and cultural events at our college.
